NANO COLLAGEN POWDER

Collagen: Beautiful Skin Can't Do Without It!  
Developed in-house through a unique grinding process,  
the Nano Collagen in our "Nano Piti Collagen Power"  
is quickly absorbed into the skin's cellular composition.  
It is the only in the world to boast such a technical achievement.  
On top of that, it is 100% pure, containing no coloring or additives.

Composition: collagen (derived from fish) Net amount: 4g

100%  
Pure!

Contains  
plenty!

Four grams of Nano Piti Collagen Powder produces four luxurious beauty applications!

Nano Piti Nano Collagen Powder contains 100% pure Nano Collagen.  
After mixing with water, the collagen cream can be applied freely to the face, hair and body.

\* Directions: Dissolve in water. Use on face or body.

1

Apply small amount of Nano Piti Nano Collagen Powder to palm of hand.

\*Do not use in excessive amounts. It is natural for the skin to feel tighter after using.

2

Mix several drops of water into powder and mix with finger.

3

Gently apply to face, neck and/or body.

\* Usage example: See how other customers are using Nano Collagen.

For beautiful hands:  
Mix with hand cream and  
massage into hands.

Mix with moisturizer to  
make a collagen-packed  
beauty cream.

Mix with body lotion  
for a soft smooth body.

Mix with water and  
spray hair before blowdrying  
for fresh and silky look.

What Nano Piti  
Collagen  
Powder  
customers  
have to say

- A week after using, my friends and family were all surprised at how smooth my skin had become. (Female, 60s)
- My skin firmed up after a month's use. I got all sorts of compliments from the people around me who said I looked so much younger. (Female, 70s)
- My face cleared up! (Female, 20s)
- Despite trying multiple products, I couldn't fix my skin inflammation until I tried Nano Piti. After mixing with water and applying, my skin cleared within a week. (Female 30s)
- After a week's of use, I could feel the changes to my skin when I washed my face. (Female 40s)
- Within three days, people around me noticed that the small wrinkles and sags in my skin had reduced. (Females 50s)
- The redness from my sunburn quickly improved. (Male 40s)

Nano Piti receives positive feedback like this everyday.

## Precautions

Nano Piti evaporates quickly if exposed to high temperatures.

Be careful not to leave Nano Piti exposed to outside air for too long, and make sure to keep it closed when not in use.

Do not use the produce for unintended use. Do not apply to wounds, open sores, or boils. If any concern arises after use, please consult with a doctor.  
In the case of abnormal reaction from the skin, wash the affected area immediately with water. Keep out of reach of children.
